NEW FILTER P985 APPLICATION CHANGE FOR DODGE AND MERCEDES

A new oil filter P985 has been added to service late model Dodge and Mercedes vehicles. Starting in 2005 the OEM manufacturers have extended the recommended oil filter service interval on many models. P985 is an upgraded version of P8153 with improvements in the media and O-rings. P985 can be used in all P8153 application; however, it is now the only filter that should be used on the applications listed below.

MAKE	MODEL	YEAR	ENGINE
Dodge	Sprinter	2006-2010	5 cyl. 2.7L Diesel & V6 3.5L gas eng.
