

PRODUCT BULLETIN

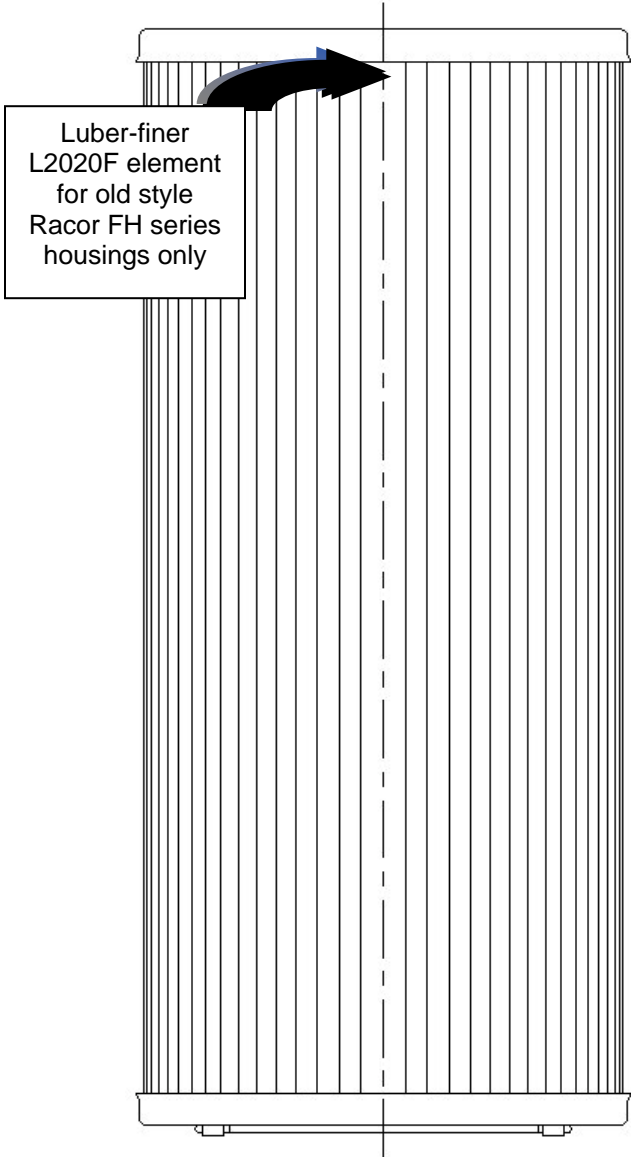

Subject: Application for L2020FN / L2020F Racor Fuel Filter Replacements
Date: 1-20-05
Bulletin Number: 05-0120 Racor L2020FN / L2020F

Champion Laboratories, Inc / Luberfiner is pleased to announce the addition of Luberfiner part # L2020FN for new generation Racor 1000FH turbine filter housings. All 1000FH housings must use p/n L2020FN.

Applications using the old style version Racor 1000FG series filter housing may continue to use Luberfiner part # L2020F or use L2020FN.

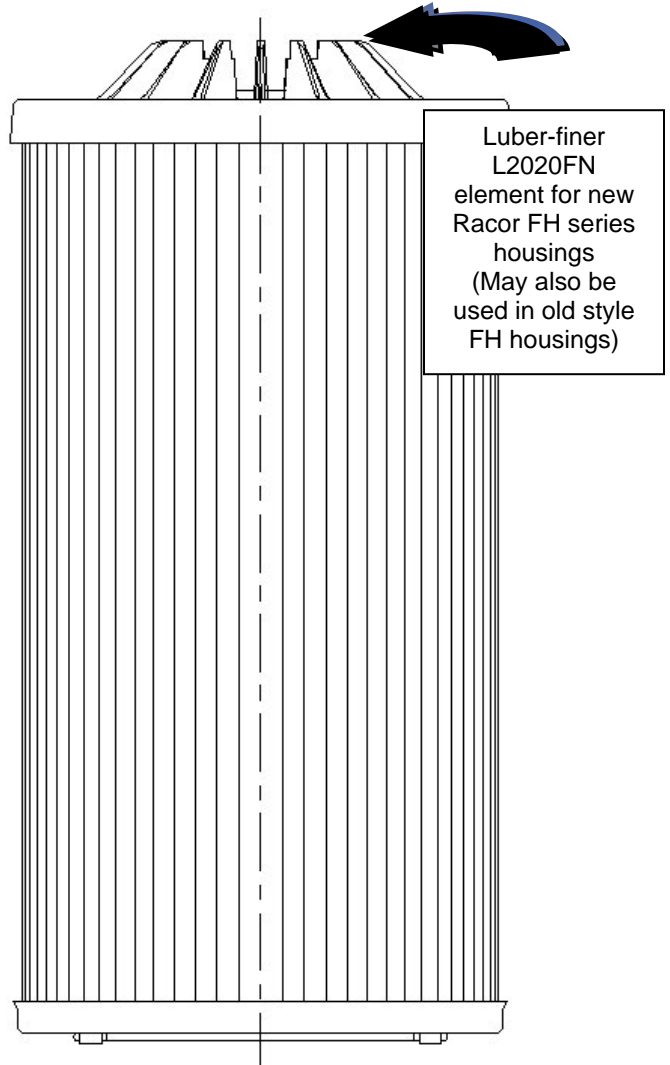

Housing differentiation may be made by examining the filter housing mounting strap. The old style FG series housing (L2020F element) will be mounted with a beige mounting strap. The new style FG series housing (L2020FN element) will be mounted with a black mounting strap. Also the old style FG series settling bowl is amber tinted while the new HG series settling bowl is clear.
